

LYCÉE FRANÇAIS
INTERNATIONAL
DE MUMBAI

Mumbai's Bilingual School

We at the French International School of Mumbai are committed to cultivating a universal integrated sensibility in your child through our unique bilingual pedagogy and multicultural environment.

- ▶ An average student to teacher ratio of 7:1
- ▶ Effective class strength of 15 students maximum
- ▶ Physical education development from 2 years of age
- ▶ 80% overseas faculty
- ▶ A network of 522 schools present in 137 countries

Providing a bilingual education to your child

Speaking more than one language is an asset in today's globalized world, and it has become a commonplace for people to know many.

To achieve our school's linguistic goal, we use the immersion method, the closest to natural language acquisition. Our Kindergarten and Elementary school classes are staffed by two childhood-development experts: a native English speaking teacher working in tandem with a native French speaking teacher. Students spend half of their time learning and communicating in English and the other half in French, moving seamlessly and authentically between these two core languages throughout the school day.

Students attend the internationally recognised Cambridge University English exams, to ensure a satisfactory level of language proficiency.

A brand new campus!

The school has shifted to a brand new building in Urmi Estate, Lower Parel. This new campus hosts a variety of infrastructures:

- ▶ Swimming pool
- ▶ Multipurpose sports grounds
- ▶ Indoor sports ground with TFA (treated fresh air)
- ▶ English and French libraries

After school activities

This year, we have rolled out more than 20 extracurricular activities; artistic, sports, cultural and scientific activities that allow them to have fun, develop their imagination and discover new talents.

Some of the popular activities pursued are: Russian ballet, coding, taekwondo, piano, calligraphy and theatre.

We also offer French, English and Hindi language classes, besides activities like yoga and calligraphy, for parents who wish to level up their skill set.

Schedule a visit with us:

We welcome students from 2.5 to 18 years of age.

The school is open for visitations from 8 am to 6 pm on weekdays.

To better understand the admission formalities and to experience the school life firsthand, it will be ideal to visit the school premises and meet with our school's representatives.
