**LIFE AT
LFIM**

ROLE-PLAYING

Students of TPS discovered different animals, their physical characteristics, and the sounds they make. As part of a recap activity, they were encouraged to choose animal costumes of their choice. They pretended to act like these animals and even made adorable animal sounds!

OLD MACDONALD HAD A FARM...IN PS1

The PS1 discovered different aspects of life on the farm.

The children each brought an object from home that resembled a farm product. A carton of milk, a piece of cheese, a bottle of honey - even a toy sheep!

The children then presented the object they had brought, and the lesson ended with everyone's favorite song, "Old Macdonald Had a Farm".

MOTHER'S DAY

GS students celebrated Mother's Day before the vacations.

Beautiful handmade cards and hearts were created, with a few heartwarming lines written on them.

The students organized a bag of coffee as a gift for their moms. A truly special gift indeed!

THE FLOWER SHOP

The MS2 classroom transformed into a flower shop!

As part of their lessons and activities on flowers and nature, the children organized themselves into groups and “sold” and “bought” their favorite flowers. They then glued the petals and different parts of the flower onto paper.

A visual and fragrant delight!

THE INTERNATIONAL DAY

As part of their geography and culture classes, MS and GS students celebrate “International Day” every week on Wednesday.

The children learn about the culture and traditions of their classmates, and even volunteer parents offer their knowledge and wisdom about local traditions.

So far, our well-traveled children have explored India, France, Spain, the Philippines and Belgium. We can't wait to see where they go next!

ARTIST IN RESIDENCE

LFIM was delighted to welcome Chen Jiang Hong for a week-long residency at our school.

Each day was devoted to workshops with the children. Chen explained the meaning of some of his books and asked the children what they thought of them. After a question-and-answer session, Chen presented his talents to the audience by drawing elements of his works. After many “oos” and “ahhhs”, the children picked up their paper and ink, and let him guide them.

They created various elements from Chen’s books. The tiger was recreated from “The Tiger Prince” and the lotuses from “Lian”. And who can forget the emblematic dragon from “Fire Dragon”?

We sincerely thank Chen for spending time with our students and staff.

THE WAX MUSEUM

Napoleon, Mozart, Justin Bieber, Nelson Mandela, Julius Caesar, Martin Luther King and Nikola Tesla visited LFIM as part of the CM1 and CM2 wax museum.

Organized by Anne-Lise as part of their French History classes, the children made posters and dressed up as their chosen icons of the world. In front of proud parents, they presented a few lines about their personalities and mentioned a few fun facts.

Did you know? Melina Mercouri is the only woman nominated for a Greek role at the Oscars.

THE SECONDARY CAMP

Students of Collège and Lycée traveled to Jayalgarh, located in the state of Uttarakhand.

Jayalgarh, an extremely serene location for camping and adventure activities, was the perfect place to get away from the classroom and take part in a variety of real-life activities.

Accompanied by Pawan, Mihir, Jean-Baptiste and Nikeeta, the students spent the week trying out a wide range of activities suited to their respective age groups: rafting, trekking, cliff jumping, raft building and even farming! The students prepared their own meals and set up their own sleeping tents.

The most difficult task of all: the ability to enjoy nature and spend a week without screens or technology. It's never easy, but the students succeeded!
